Child Abuse by Westport SDA Primary School Teacher, Ms. Louis France.

On Tuesday 5th May 2020, Ms. Louis France, Infants 2 Teacher at Westport SDA Primary School, at Chow Quan Avenue, Diego Martin, started online classes for her Class, using the free Zoom App.

Today, Wednesday 20th May 2020, my 7 year old grandson wanted to use the bathroom urgently at home and she refused to let him leave the Class. She has no children and does not realise the importance of a child's need to use the bathroom. She is so strict about her students leaving her class without her permission, that she "Bumped Him Out" put him out of the online class.

Having taken him out many times in the past, I know that he needs to use the bathroom to "too too' at times, so I took him to the bathroom from the online Class in my home.

He use to cry not to go to this school in the past sometimes and I assume that this Teacher's strict behaviour has been the cause of it.

In his Pre School years, a similar teacher behaviour happened, when he wanted to pee and Owner of the School, had already cleaned her toilets and she put him to stand out in the sun, when he wet his pants. This he reported to me one year after.

This kind of abuse will not be tolerated by me as his grandfather. I will report this to the Children's Authority, the Principal of Westport and the SDA Administration, when I get their contacts.

In my opinion, having seen and heard her for a few days as a Teacher for small children, especially, young males, the damage she can do to their willingness to stay in school, can be very serious.

This Report is for the School Authorities and the Minister of Education. Today, Wednesday the 20th day of May 2020. Thanking you in advance for your kind attention. My Cell is 383-6184, Landline 637-0924.
